Thank you for taking me on a tour of your facility on June 26, 2017, during my visit to Manitoba. The ability to see the homes in their various stages of completion was a great experience. It was remarkable to get a picture of the housing plan you have set up at your office showing where the houses will be built on the Lake St. Martin First Nation.

I would like to extend my gratitude to you for your collaborative work with Lake St. Martin First Nation. The inclusion of the First Nation community members as part of the workforce to complete their own homes is a great example of partnering, which also supports their skill development.

Your hard work and dedication in helping the Lake St. Martin First Nation residents get back into homes is very much appreciated.

Once again, I thank you for the tour of your facility.

Sincerely,

A handwritten signature in blue ink that reads "Carolyn Bennett".

Hon. Carolyn Bennett, M.D., P.C., M.P.
